The Success Stories of Load Research in SA

- Domestic Load Research
- GLF
- DPET
- Where did this start?

Prof Arthur Mutambara

Engineering and the Future of Africa

Understanding the Key Imperatives

Prof. Arthur G.O. Mutambara

SAIEE, Johannesburg, South Africa

14th March 2019

SAIEE Theme for 2019 Digital Transformation

The Success Trap

Some question I want to leave you with:

- Is it “load” and “energy”
- Energy value
- Customers
- Generation
- Distributed generation
- Generation management
- Load management

A busy street scene in a developing country, likely in Africa, with a semi-transparent text overlay. The background shows a crowded street with many people, cars, and buildings. The text is centered at the top of the image.

Some question I want to leave you with:

- **Business models for funding**
- **Business models for exploiting**
- **Business models in the digital transformation**
