

SAIEE YOUNG ACHIEVERS AWARD (SPONSOR TBC)

The South African Institute of Electrical Engineers (SAIEE) has an annual award for the most outstanding young achiever of the year in Electrical/electronic engineering.

Whether such a person works in large progressive companies or organisations or in smaller dynamic ones is of no consequence—the spirit of achievement, creativity, and leadership counts. These rare qualities must be recognised and nurtured wherever they are found. Innovative, entrepreneurial action plus an infectious enthusiasm to succeed are the qualities exhibited by young achievers.

The SAIEE appeals to all to nominate persons for this prestigious award.

Age: Up to and including 35 years of age during the stated calendar year of the award.

Eligibility: Open to all persons living in South Africa (Members and Non-Members) for current significant contributions in the electrical/electronic engineering field.

The SAIEE Young Achievers Award nominees will be invited to attend the SAIEE Annual Awards ceremony on the 14th of March 2025. Venue TBC

The closing date for nominations is 7 February 2025.
